

ABOUT THE UTTARPARA KOTRUNG MUNICIPALITY

Innovative Thoughts (if any)

Further, a proposal has been thought of to link the Mobile Numbers of Tax payers with our records so that on payment of Tax, the citizen will get a message on the registered Mobile Number.

A Solar System will be set up in future and this energy will be used to provide electricity to the Municipal Office.

The Guest House at Babughat after completion will be open for Uttarpara Citizen for all cultural and social programmes.
